

March 29, 2021

Dear Cheverus Students and Parents,

Today we learned that another member of our community has tested positive for COVID-19. Once again the person who has tested positive has not been on campus recently, and we will not need to conduct contact-tracing. I'm writing to you in the spirit of transparency; we are committed to keeping you informed about any positive cases which are reported to us regardless of whether or not they require us to do contact-tracing in our community.

We have much to pray for as we enter this holiest week in the Church's calendar. We pray for the individuals who are suffering from COVID-19 and for the protection of those caring for them. We pray for the family and friends who are grieving the loss of loved ones from this deadly virus. We pray for the medical professionals and first responders battling on our behalf to cure those afflicted and end this pandemic. As we prepare for Easter, we are greatly in need of Christ's healing love to enter our world.

Peace,

John Moran
